

This designates that the residence located at

5 Claudette Circle
Orange Beach, AL 36561

*has been awarded a
FORTIFIED Home™-Hurricane
designation on 09/01/2016*

EXISTING ROOF

to social distance and numbers of contacts. The incubation period for dengue is 3-10 days, and the typical course of the disease is self-limiting, with most patients recovering within 10 days. However, severe dengue is a potentially fatal complication, and is associated with a 5-10% mortality rate. Dengue is a major public health problem in many tropical and subtropical regions, and is a leading cause of hospitalization in children in the tropics.
